

Nutrition, Metabolism and Cardiovascular Diseases (NMCD)
Volume 18, Issue 10, Pages 647-706 (December 2008)

Editorial

Factors influencing the bioavailability of antioxidants in foods: A critical appraisal

Marisa Porrini, Patrizia Riso

pages 647-650

[Full Text](#) | [Full-Text PDF \(138 KB\)](#)

Review

[Homeobox genes in normal and abnormal vasculogenesis](#)

M. Cantile, G. Schiavo, L. Terracciano, C. Cillo

pages 651-658

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(326 KB\)](#)

Original Articles

[Menstrual cycle length, serum lipids and lipoproteins in a cohort of Italian Mediterranean women: Findings from Progetto ATENA](#)

F. Rubba, A. Mattiello, P. Chiodini, E. Celentano, R. Galasso, A.V. Ciardullo, M. Gentile, M. Triassi, P. Rubba, S. Panico

pages 659-663

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(122 KB\)](#)

[Influence of n-3 polyunsaturated fatty acids on soluble cellular adhesion molecules as biomarkers of cardiovascular risk in young healthy subjects](#)

Maria C. Paulo, Ana M. Andrade, Maria L. Andrade, Maria G. Morais, Mairead Kiely, Dolores Parra, J. Alfredo Martínéz, Inga Thorsdottir, Narcisa M. Bandarra

pages 664-670

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(151 KB\)](#)

[Illustrating the roles of C-reactive protein in the development of the metabolic syndrome in women – a cross-racial validation](#)

Juey-Jen Hwang, Hung-Yuan Li, Gow-Jen Shieh, Yu-Fen Chien, Cyue-Huei Hua, Jou-Wei Lin

pages 671-677

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(383 KB\)](#)

[Socio-economic differences in the prevalence of diabetes in Italy: The population-based Turin study](#)

Roberto Gnani, Ludmila Karaghiosoff, Giuseppe Costa, Franco Merletti, Graziella Bruno

pages 678-682

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(150 KB\)](#)

[Effects of saturated and unsaturated fatty acids on estimated desaturase activities during a controlled dietary intervention](#)

Eva Warensjö, Ulf Risérus, Inga-Britt Gustafsson, Rawya Mohsen, Tommy Cederholm, Bengt Vessby

pages 683-690

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(164 KB\)](#)

[Triple nutrient supplementation improves survival, infarct size and cardiac function following myocardial infarction in rats](#)

Françoise Briet, Mary Keith, Howard Leong-Poi, Ankit Kadakia, Khalid Aba-Alkhail, John-Paul Giliberto, Duncan Stewart, Lee Errett, C. David Mazer

pages 691-699

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(299 KB\)](#)

[Decreased lipoprotein lipase activity and increased postprandial concentrations of triglyceride-rich lipoproteins in offspring of elderly survivors of myocardial infarction](#)

Samira Lekhal, Trond Børvik, Arne Nordøy, John-Bjarne Hansen

pages 700-706

[Abstract](#) | [Full Text](#) | [Full-Text PDF \(205 KB\)](#)
